June 9th – Field Day

June 14th- Early Release, 1:26 pm

June 21st – Early Release, 1:26 pm

June 23rd – Last Day of School!

End of Year Assessments

In the coming weeks, the first grade team will be administering important end of year assessments in the areas of language arts and math. When possible, please let us know ahead of time if your child will be missing school. Also, make sure your child has a good night's sleep and eats a healthy breakfast daily.

Social Studies Request

In our final social studies unit, Natural Wonders will learn about countries around the world.

If you are from another country, have lived abroad, or have a keen interest in another culture, we invite you to share your country with our class. In late May and early June we are inviting parents to prepare a short presentation on your country of choice to your child's class. Ideas of topics include (but are not limited to): music, dance, art, food, language, clothing and culture.

Please contact your child's teacher if you have interest in presenting to your child's class.

Ask Your Wonder...

- To share the problems and solutions s/he has created for his/her realistic fiction character.
- To teach you the parts of a plant and what foods we eat that come from each part.
- To tell you about the types of story problems s/he is solving in math and what strategies s/he uses to solve them.
- To share his/her favorite Morning Meeting activity or song with you.
