

The Natural Wonder

December 2019

Marketplace Bazaar

On December 20th first grade students will hold a marketplace bazaar where they can sell and purchase handmade paper crafts from their peers. This activity is the culmination of our economics unit, which students will learn about wants, needs, goods, services, and how saving money can help pay for these things.

Students will be making these products at home for homework. Directions will come home soon. Products are due the day of the bazaar.

Global Celebration

The first grade Global Celebration will be held Friday, December 20 from 1:45-2:45. We will celebrate the start of winter with snacks, games, and crafts. Please plan to stop by or sign up to volunteer in your child's classroom.

Ask Your Wonder...

- What their favorite Morning Meeting greeting and activity are?
- What nonfiction topics they are reading about in school?
- What are the three types of matter?

Holiday Lessons

This month there is an opportunity for parents and family members to come and teach a lesson about holidays. If you are interested in teaching about another holiday, please email your child's teacher!
